Unique Topic Song

[Verse]

The halls of oak
The fires burned bright
In Tudor times
Through the endless night
The whispers danced on a minstrel's string
Of kings and queens and what fate might bring

[Verse 2]

A crimson rose
A crown of gold
A tale of power
Both fierce and bold
The Tower loomed where secrets weep
A ghostly shadow
Where whispers creep

[Chorus]

Oh Tudor crown
Your weight's so cruel
A game of thrones
A deadly rule
Through blood and love
Through war and feast
The past still roars like a restless beast

[Verse 3]

The banquet halls
The jesters' cheer
Hid schemes of treason
Cloaked in fear
A daughter's wrath
A brother's plea
A court of mirrors
No soul set free

[Bridge]

Through cobbled streets
The echoes stay
Of poets' quills and skies of grey
The gallows stood
The scaffold's cry
For Tudor dreams that lived to die

[Chorus]

Oh Tudor crown
Your weight's so cruel
A game of thrones
A deadly rule
Through blood and love
Through war and feast
The past still roars like a restless beast
