Unique Topic Song

Power and play

[Verse]

Switch it off when you're done
Keep the cords out of the sun
Dry your hands before you plug
Electric shocks are not a hug

[Chorus]

Power play power play
Use it safe every day
Power play power play
Keep the danger far away

[Verse 2]

Don't tug wires let them be
Hold the plug not the string you see
Water and sockets never mix
That's a rule we've got to fix

[Chorus]

Power play power play
Use it safe every day
Power play power play
Keep the danger far away

[Bridge]

Batteries need a careful spot
Too much heat they like it not
Charge your tablet charge your phone
But don't leave it all alone

[Chorus]

Power play power play
Use it safe every day
Power play power play
Keep the danger far away
